

Monthly NL Export Prices compared with UrnerBarry 5-8 monthly average (CAD) June - Sept 2023.

Using export data compiled by Stats Canada and provided by the Province of NL.

- The average export price from June – September 2023 was \$7.71 CAD.
- If we look at the Panel Review Report, at \$7.71 CAD, it says harvesters should be paid \$3.00 for the year.
- The average harvester price paid in 2023, per DFO landing data, was \$2.26.
- There is a \$0.74 CAD gap in what happened in 2023 versus what the Panel report says should have been paid based on historical pricing and actual export sales.
